

**16th WONCA
EUROPE
CONFERENCE**

Malaga - Spain
6-9 October 2010

Dear colleagues,

It is a great pleasure for me, on behalf of WONCA Europe and the Spanish Society of Family and Community Medicine, to invite you to participate in the 16th WONCA EUROPE CONFERENCE, which will take place in Malaga (Spain) from 6th to 9th October 2010.

Under the theme “Family Medicine in to the Future” “Blending Health and Cultures” we will have the opportunity to develop several interesting topics related to practice, teaching and research in Family Medicine, as you can see in the webpage: www.woncaeurope2010.org

Besides the scientific program, we will organize an extensive Cultural Program. Malaga is the right frame to blend science, art, culture, sports and pleasure. An ancient Mediterranean city with a big tradition in cultural events, a rich proper cuisine and a very special atmosphere to enjoy.

We are looking forward to meeting you in Malaga.

Luis Gálvez
Chair of the Organizing Committee
